

I listen to K-Love radio on a daily basis. It is a family friendly alternative that is very valuable to us. K-LOVE provides high quality radio programming that they do effectively as a national radio service funded primarily by listeners. I do not want my ability to listen to K-LOVE be taken away by an LPFM broadcaster.

Please protect listeners ability to choose K-LOVE, a station that promotes character, moral living and family values. Please do not give LPFM stations priority over K-LOVE.

Sincerely,
Susan Godfroid
